

# BAKERSFIELD COLLEGE

---

**Bakersfield College is committed to helping you be a successful student.** We have a variety of resources on campus to help you achieve academic success.

---

## Tutoring

Our Tutoring Center is certified by CRLA (College Reading and Learning Association). Our knowledgeable and trained peer tutors offer free tutoring to all currently enrolled students in a wide range of classes. Walk-in assistance is available in the following areas:

- Math
- English

For more information, call (661) 395-4714, visit the Tutoring Center, CSS-203 or our Tutoring website:  
<https://www.bakersfieldcollege.edu/student/tutoring>

---

## Supplemental Instruction

Supplemental Instruction (SI) is group tutoring set up for specific classes. Each SI session is led by a student who has already passed the course with a top grade. This student will attend your course weekly along with you, so that he/she knows exactly what the instructor is requiring. The tutoring sessions involve group discussion of course concepts with an emphasis on study skills and learning strategies. Students who regularly attend SI get higher grades.

For more information, visit the Student Services Building, 2<sup>nd</sup> floor or our SI website:  
<https://www.bakersfieldcollege.edu/student/si>

---

## Learning Center

The Jerry Ludeke Learning Center houses the ACDV classes, instructors' offices, the Academic Development counselor, the Student Success Lab, the Math Lab, The Tutoring Center, and proofreading services. The center offers a variety of learning opportunities including:

- Well-trained instructors and tutors
- Reading, math and writing classes
- Learning and study skills courses
- Open-entry match classes
- A basic computer lab
- Free Critical Academic Skills (CAS) Workshops

For more information, call (661) 395-4824, visit the Student Services Building, 2<sup>nd</sup> and mezzanine floors or our Learning Center website: <https://www.bakersfieldcollege.edu/acdv/learning-center>

---

## Writing Center

Our Writing Center offers you the opportunity to work through your writing processes and improve on long-range and short-term writing tasks. The Writing Center has student-led, one-on-one sessions facilitated by a writing consultant. The goals of the Writing Center are to:

- Help produce independent student writers
- Help advance critical thinking and writing skills in student writers
- Promote student learning through writing
- Work in collaboration with professors and instructors who require writing assignments across the curriculum

For more information on hours and locations, visit CSS 133 or visit our Writing Center website: <https://www.bakersfieldcollege.edu/writing-center>

---

## Math Lab in the Learning Center

If you need a Math class, or are struggling in your current math class, consider enrolling in a self-paced hybrid course in the Math Lab. Classes are taught using a combination of the Internet-based program ALEKS and one-on-one help from instructors in the Math Lab. Courses offered include:

- Math B50 Modern College Arithmetic/Pre-Algebra (4 units)
- Math B60 Beginning Algebra (5 units)
- Math B70 Intermediate Algebra (5 units)

For a complete list of services, call (661) 395-4530, visit King Frazier Student Center, Suite 233 or visit our Career Services website: <https://www.bakersfieldcollege.edu/mlc>
